

AT HOME LEARNING

It is Week 2 of "At Home Learning"!

You will find the activities and suggestions for this week in Seesaw. We found LOTS of Easter themed activities for this week and you may wish to continue your learning with them over the Easter break. Please continue to add your responses on Seesaw as we love to see your completed work and see your little videos! Don't forget your child should be reading for 20 minutes every day too! They can read books from home or online stories.

Our school is having a Virtual Fire Drill next week (Mrs. Walmsley sent out an email with more information).

If you are looking for extra activities for your child, feel free to look on the Yellow Grade 1 Team Website under the headings Literacy, Numeracy or Other Subjects. There are lots of great ideas there too!
