

AT HOME LEARNING

It is Week 4 of “At Home Learning”!

You will find the activities and suggestions for this week in Seesaw. We are missing your kiddos and have really enjoyed hearing your child’s responses in Seesaw when they are using the microphone feature.

This week we are using some of the websites that we have set up for your child. We have assigned some books in RAZ Kids on Tuesday. Once your child is logged in, they will need to click on the picture called “My Assignment” to find the assigned books for the week. After they have read those books, they are welcome to read others as well. The ABCya games do not require a login. Both RAZ Kids and ABCya are excellent online resources for your child to explore as there are so many learning opportunities to be found on these websites.
