

## Sight Word Hopscotch

### Getting ready

- Using chalk, create a hopscotch pattern.
- Find a rock or beanbag to use as a marker

### How to play

- The player stands at the beginning of the hopscotch course and rolls their rock.
- The player hops on one foot, landing on each square. As they land on each square, they say the sight word out loud.
- Once they reach the end of the course, the player turns around and hops back, saying each sight word again as they land on the square.
- Repeat!
