

AT HOME LEARNING

It is Week 10 of “At Home Learning”!

As we approach the final two weeks of Grade One, please take some time to reflect on the amount of growth that your child has made this year. The months of April, May and June are usually where we see the most progression in the classroom and you have been a witness to it at home during this time. Your child should be very proud of all they have learned this year both at school and during this time of at home learning.

Please keep your eyes on your email, Remind and Seesaw as the last few weeks of school are always busy ones as we wrap up the school year. Just a reminder that the last day of provided lessons will be Friday, June 19, 2020.
